

CPI Quality Policy

As an industry leader, CP Industries will consistently meet or exceed requirements and expectations with its commitment to customer focus and continual improvement.

We require and expect the same from our suppliers and each other.

CPI Quality Objectives

- *To strive toward zero OSHA incidents*
- *To strive toward 100% on-time delivery of product*
- *To continually reduce raw material non-conformances from suppliers*
- *To maximize labor efficiency and productivity*
- *To continually reduce customer complaints via conformance to product specifications and flow down of customer and regulatory requirements*
- *To continuously maintain customer satisfaction*
